FROM THE PARISH PRIEST

Dear All,

I write these words during Holy Week and yet when you come to read them we will have already celebrated Easter. And so I wonder how Lent, Passiontide, Holy Week and Easter has been for you in 2014? What did you discover or discern? Where did you - and where do you - see God at work in the world? Has your faith changed and has it changed you, and, if so, how?

Last week Katie and I were greeted with the news that our car needed some extensive repairs. Both the gearbox and the clutch were to be removed as part of these repairs (an expensive business!) and the situation rectified and then everything would be put back together again. We were grateful for the advice and assistance that we received. As the son of someone who spent their career in the motor industry, and as a great fan of motorsport, I wish that I was more capable when it comes to understanding the workings of an engine and all of the various motor components, but I do value taking the time to learn about what work has been done and still needs doing.

Taking the time to learn and to reflect is important, and particularly when it comes to matters of faith. At the moment I am blessed to have a very good Spiritual Director. I meet with this person from time to time and we reflect on where God has been at work in my life and ministry, and how my faith might be deepened further. During these meetings it can sometimes feel as though layers are peeled away and set to one side for awhile. Before I leave everything is reassembled again but I feel refreshed, focused, thoughtful, prayed for and grateful.

Perhaps you might welcome the opportunity to talk to someone about your faith? Perhaps there is an aspect of faith that you would like to discuss and explore? Perhaps you have considered attending or returning to church on a Sunday? Perhaps you are unsure as to what happens at a service, or what provision exists for various age groups in our churches? Perhaps you would like someone to pray for you or for someone you know? Perhaps you are interested in baptism or would like to know more about confirmation? If any of this is you then please do get in touch with us. Our churches exist so that we may gather to worship God together, but God extends a vital call to us all to love and serve one another. So, please do let us know if we can be of any help to you as you seek to understand the value of faith in your life, and be assured of our prayers for you and all in our parishes.

With my prayers and best wishes to you all,

Adrian Smith

BISHOP OF LINCOLN'S LETTER

Dear Sisters and Brothers in Christ,

The seasons of Lent, Holy Week and Easter tend to be very busy ones in the Church. Many of us will have been involved in meaningful services and activities since the beginning of Lent, and it is only now that the immense joy of Easter Day begins to give way to a gentler time of reflection on the enormity of God's love for us which is so clearly demonstrated in the life, death and resurrection of Jesus.

How do we, as Christian people, respond to that great love? At the end of this month, I hope you will join me in using a new resource which has been produced by our emerging discipleship team to help all of us in the diocese to deepen our commitment to Christ, in prayer, together.

2015 will be a Year of Discipleship in the diocese and exciting things are being planned to mark this special year. The prayers prepared by the team have been specially written to help us begin to prepare for that Year. Please look out for them in your church before the end of the month.

Jesus prayed that his disciples would be one, and I hope that these prayers will be used across the diocese, that together we will live and pray with faith, confidence and joy.

I invite you to use the diocesan prayer as you begin each day:

Almighty God, source of our hope and of all good things;
you call us in love to share in the work of creation in making all things new.
Bless our diocese:
may we be faithful in our worship,
confident in our discipleship,
and joyful in our service,
that through us,
the world may catch a glimpse of the love you have for each one of us,
made known in your Son, Jesus Christ our Lord.
Amen.

With every good wish.

THOUGHT FOR THE MONTH

When I was a young man, I wanted to change the world.

I found it was difficult to change the world, so I tried to change my nation.

When I found I couldn't change the nation, I began to focus on my town. I couldn't change the town and as an older man, I tried to change my family.

Now, as an old man, I realise the only thing I can change is myself, and suddenly I realise that if long ago I had changed myself, I could have made an impact on my family. My family and I could have made an impact on our town. Their impact could have changed the nation and I could indeed have changed the world.

HACKTHORN & COLD HANWORTH

HACKTHORN C. OF E. PRIMARY SCHOOL

Epic. That is the most appropriate adjective with which to describe this year's Key Stage 2 Production. A drama of biblical proportions featuring a cast of thousands? Well it was The Bible and there were an average of almost 3 characters per pupil bringing to life both the Old and the New Testaments in a production lasting almost 90 minutes.

Taking the form of a Mystery Play, this thrill a minute portrayal covered everything from the casting down from Heaven of Satan, right through to the resurrection, with a convenient break between the old and new for the audience to stretch their legs.

All in all the whole thing was a triumph of organisation, collaboration and a great deal of hard work, played out to two packed houses on consecutive evenings.

On the subject of collaboration and organisation, this term sees the whole school going off to Gainsborough once a week for swimming lessons. This is always a highlight and it's great to see experience passed down from old to young on these occasions.

If you are a pre-schooler, and think that this might be the sort of school you'd like to go to one day, then you might like to come along to our Teddy Bears' picnic, which will be taking place on the afternoon of the 10th June 1:30- 2:30. We arrange these events so that you can bring your parents along and show them one of the many choices that are available for you when the time comes for you to start your full-time education, so ask them to please give us a call or use the contact form on the website for more details

Don't forget to visit our new website at www.hackthorn.lincs.sch.uk where there should be some new pictures from the production. Contact the school on 01673 860295 to arrange a visit or to request a School Brochure

CAN YOU HELP?

Nettleship and Stoaks families of Spridlington and East Firsby

For over forty years I have been hoping to find the baptism of Thomas Nettleship in about 1808; he died at Market Rasen in 1845 aged 37. I have now found him: he was baptised at Spridlington 31/1/1808 the son of John Nettleship and Jane.
John Nettleship 'of East Firsby' married Jane Stoaks of Spridlington at Spridlington 22/11/1802.
Jane was buried at Spridlington in 1808 and John Nettleship later married Alice Snowdon at Lincoln in 1815. Alice Snowdon was also born at Spridlington, in 1790.
I would be very interested to learn anything known about these families. In particular, in due course, I wish to discover the origins of the above John Nettleship born about 1770. Any scrap of information would be helpful.

GLENTHAM PARISH COUNCIL NEWS

NOTES ON COUNCIL MEETING HELD ON 3rd APRIL 2014

The April meeting of the Parish Council was different from usual in that it concentrated the majority of its time on a single topic. The current **Parish Plan** is due to expire at the end of this year and the Council is working on a new one for the next five years, up to the end of 2020. As there already exists an excellent Parish Plan produced by members of the local community, the aim is to base the new plan on a renewal, rather than starting from scratch. A representative of the organisation Community Lincs was invited to the meeting, which was well attended, who gave an informative talk on ways to achieve this, together with some practical advice. In addition, the organisation can provide some funding to help the project along. A full report of the proceedings can be seen in the minutes of the meeting, which are posted on the notice boards and on the website.

Quiz nights at The Crown Inn continue to generate funds towards a **defibrillator** for the parish. So far £537 has been raised, and Cllr Lewis Strange has committed to a donation of £500. This leaves about £500 to go, support for the quiz nights helps greatly in this excellent venture.

Vacancy. At the time of writing, a vacancy exists for a Councillor; please contact any Councillor or the Clerk if you are interested in making a difference to your community.

Dates of next meetings

The next meetings will be held 8th May (AGM) and 5th June at 7.30pm in Glentham Village Hall. You are welcome to come and observe or to have your say.

A Celebration of Goodness and Gladness at Glentham

On Sunday the 14th September the normal evening service at St Peter's Church, Glentham, will be replaced by a special 'Songs of Praise'. It will be an evening of hymns and readings chosen by you. The readings need not be from the Bible . They can include poems and extracts from books or other writings; anything at all in fact that has inspired you, comforted you or has special meaning for you. Come along and share it with others. Think it over and there will be further details in the next edition of Signpost.

The latest date for entries to the June Signpost is Thursday the 15th of May at 6:00 p.m.

The reason why people give up so fast is because they tend to look at how far they still have to go, instead of how far they have come.

NORMANBY & OWMBY

NORMANBY-BY-SPITAL PARISH COUNCIL NEWS

The Parish Council meeting held on Wednesday 19th March had the full complement of Councillors and the Clerk.

Once again Private Lane is in a dreadful state, but Highways have contacted the Clerk to say they can now go ahead with the pavement we requested from Drakes Meadow to Mill Lane. As it happens, the Parish Council have never asked for a pavement all the way along there, but have asked for hard standing in front of the bungalows. The Clerk is to arrange for a site meeting with the Chair and two officials from Highways to see if a satisfactory outcome can be agreed. The Clerk to remind WLDC to replace Main Street name plate on the church wall.

By the time this issue comes out, hopefully the new cemetery gate post will be in situ so the gate can be re-hung and slabs laid down for the new cremated remains area.

Grant forms have been submitted to help towards the cost of repair to the war memorial - we should know by the end of April if we have been successful.

A big event is being arranged for May 17th, in the school hall, with the aim of getting everyone to attend as all groups e.g. both Parish Councils, WI, Brownies, Youth Club, the painting group, the book club, the whist club and anyone else who runs something within Normanby, Owmby and Saxby villages. Look out for posters and banners which will hopefully soon be on display around the villages, giving the time.

The next meetings will be the Annual Parish and the Annual Parish Council Meetings in the school hall on Monday 12th May, starting at 7.30pm. It is hoped you will come along to give your Councillors ideas of what they are doing right or wrong.

'Moving On' is an insightful, observant, poignant and heart-breakingly funny look at one woman's tale of love, life, laughter and living.

In this one woman play, Katherine takes us on a journey of nostalgic discovery from childhood to middle age. An emotional rollercoaster that will have you sobbing in your seats, rolling in the aisles and reflecting upon the life experiences that man, and womankind encounter on a day to day basis and yet, we still survive and come back to fight another day. Quintessentially British.

WELTON HEALTH CENTRE NEWS

We are continuing to review our appointment system and would like to draw attention again to the on line booking and prescription ordering facility now available to all patients. A proforma is available from the surgery or may be downloaded via our website, www.weltonsurgery.co.uk. A selection of doctors' appointments are being made available on a daily basis to book into once the registration process is completed.

We have recently undertaken a patient survey asking for views on our waiting room and the result of this survey is available on our website and on the noticeboard in the surgery. As a direct result of feedback the barrier near the reception desk has been moved to try and increase privacy as requested, new signs have been added for patients at the reception desk advising that patients may request a private area to speak with staff if required and we have created a separate section for wheelchairs and added more seating. Unfortunately the booking in screen is no longer able to function and we will be discussing this matter with our patient group in due course. We still welcome comments on the changed appearance of the waiting room and will respond where possible to suggestions.

The surgery opens at 8.00am daily for patients to book into the open access surgery which commences at 8.30am. Patients need to remain in the building once booked in for this clinic and in order to be fair to everyone, we cannot book places for other patients who then arrive later.

For the protection of all, CCTV cameras have recently been installed covering the premises and data is stored in line with Data Protection requirements.

Lincolnshire West Clinical Commissioning Group - to which we belong - has been chosen to participate in the first of the new Care Quality Commission pilot scheme assessments and twenty five percent of member practices will be inspected during the next three months. If we are chosen we look forward to welcoming the team to our Practice and will advise patients attending the surgery once if are notified of a date.

Is spring finally arriving? I am sitting writing this on a lovely sunny day and really hope there are more days like this to follow. Everyone feels better to feel the sun shining on them after the chill of winter. It may be psychological but I know it gives me a boost!

Our next event is a plant stall at the Welton May Day celebrations on the Village Green (5th May). Please come along and give us your support and meet some of the people who work so hard to keep the PDA going. We will be manning the stall from around midday. If you have used the PDA transport scheme then please introduce yourselves. I will be there for at least part of the day and would love to put some faces to names. If anyone has a few spare plants which they would like to donate please give me a call (862570) and I can arrange collection.

Although it is still a long time ahead, please make a note in your diary for **Thursday 18th Sept** when we will be holding a photography event with an illustrated talk given by Clive Minnitt (www.minnitt.co.uk) entitled The Lighter Side of Photography. Clive is an excellent speaker who holds talks all over this country and abroad. Even if you have very little interest in or knowledge of photography you will find his talk humorous and informative. Tickets will be on sale nearer the date, priced at £5 to include light refreshments in the interval. If you would like to reserve tickets please give me a call.

Other PDA events this year are:

Saturday 18th October - Autumn Fayre
Friday 5th December - Christmas Lunch

Is it just me, but I seem to be hearing the word "stress" more and more these days? Are we really more stressed than we used to be? For example, because of the 100th anniversary, we've been hearing a lot recently about the First World War. The soldiers in the trenches must have suffered stress which would make anything we have to put up with seem very tame indeed but no one then talked much about it. But of course, it was there all the same. In the worst cases, it was called "shell shock" but mostly it was just not recognised.

Nowadays we are familiar with it and being in the health and fitness business I realise just how damaging it can be. And what is most damaging is when people don't know about it or if they ignore it and hope it will simply go away. And although generally in this country we don't have the terrible stress of wondering whether we'll be blown up or shot at any moment, yet the stress we have from day to day is more insidious. Commuting long distances to work, being on call via mobiles every hour of the day, meeting competing deadlines, trying to manage finances in a recession, coping with a divorce - all these things gradually build up until we are stressed without knowing it. In fact stress has become so commonplace these days, it has become a way of life.

And what are the physical effects of stress? Well for a start the heart beats faster, the muscles tighten, blood pressure rises, the breath gets quicker. But over a period of time, when being stressed starts to feel "normal", it can cause major and permanent damage to the health.

Fortunately there are ways in which it can be combated. And the one that scores above everything else is exercise. Exercise not only keeps the heart healthy and gets oxygen into your system but it helps deplete the stress hormones and releases mood-enhancing chemicals which help us cope with stress better. Any form of physical activity leads to the release of endorphins into the blood stream. These are known as the "happy hormones" because they lead to a feeling of euphoria, they modulate the appetite, they release different sex hormones and enhance the immune response. This helps combat the negative effects of stress.

What's not to like about exercise when it does all those things for you?

So if there was only one bit advice I could give to people suffering from stress, it would be this:

DO SOME EXERCISE!!

ARE YOU HEADING FOR A HEART ATTACK?

LET'S HOPE NOT but if you lead a busy and stressful life, working hard and providing for your family, how often do you pause to think, "Am I ruining my health doing this?"

Grabbing meals on the run, using alcohol to relax, shouting at the kids, quarrelling with your spouse – these are all things that are symptomatic of stress. And you know you should do something about it – but what?

And here is where Wellbeing Fitness has once again broken the mould. If you go to ANY other fitness centre, they will set you goals – goals to lose weight, goals to do more exercise, goals to burn more fat, goals to build more muscle. And all this does is just add to your stress. No wonder the majority of people give up after a few weeks.

So how is Wellbeing Fitness different?

INTRODUCING OUR NEW 10 WEEK WELLNESS PROGRAMME

Here's what's involved...

You get 21 sessions alone in a private studio with a dedicated fitness professional. The first session will be a consultation where between you, you'll decide what the sessions will consist of according to what you both think you need. The choice will be a mixture from the following:

Personal Training: an exercise programme which will help to release endorphins (the happy hormones) and combat the negative effects of stress. It is your shortest route to greater energy and a feeling of well being.

Movement and Flexibility: a real stress-buster where the trainer performs a series of stretching manoeuvres on you. Through this, receptors in the nervous system are stimulated which decrease the production of stress hormones. And the added bonus is that you feel fantastic afterwards. People have described the feeling as like being able to walk on air. **This is exclusive to Wellbeing Fitness.**

Remedial Massage: deep tissue massage releases the tight muscles which make you feel tired and sluggish and helps bring more blood and oxygen to them.

The full price for this package of sessions would normally be ~~£925.00~~ but we are able to offer it for **£699**.00 or three instalments of **£250**.00, a saving of **£226**.00

So – what to do now:

1. Call **01522 525250**
2. Book your consultation
3. Decide whether the programme is right for you
4. Get started!
